

## Expert Session on Disaster Management

21/18

### Disaster Management:

Our college was organised an expert session on disaster management in the month of October. It is said that, "If you are failing to plan, you are planning to fail". The chief guest of the session was Ms. Sakhare Sir who shared tips and guidelines to follow in the situation of disaster. The session was hosted by Prof. Jain mam.

### Key takeaways of session:

The session started with introduction to disasters. Experts explained us about various types of disasters as disasters can be natural @ man-made. They told us the reasons behind the disaster & how they affect the life of million of peoples.

Speakers also told about the harm caused by the disasters which are happened in last few years. They told us how the unawareness can cause the big financial & personal loss of many peoples. The disaster covered in the session are floods, earthquakes, tsunamis, extreme heat situations, pandemic & more.

The session was interactive. Speakers interacted with students by asking them about how they face such situations. The response of the students was positive. Everyone shared their thoughts. Speakers added more points to them. The session gets more & more interesting as well as informative due to the interaction.

Speakers also shared their own experience of disaster. Ms. Sakhare, who was the chief guest shared their & their teams experience in the last flood.

disaster. Now there NSS team saved the life of hundreds of peoples. Other speakers also shared some common things we should do to manage disaster situations along with do's & don'ts of disaster management.

The session was ended with the quote, "to always remember, when disaster strikes, the time to prepare has passed". I always ~~think~~ <sup>think</sup> about this quote & keep myself alert all time.

### Conclusion:

The session was really informative. ~~which~~ It gave us in-depth knowledge about handling of disaster situations. They also showed some demo pictures & videos of disaster management due to which we got lot of insights. I'm sure everyone along with me will be benefited by this information in future life. This "expert session" was really beneficial & added extra edge to everyone's knowledge.
